## INTRODUCTION

The following report is a brief description of court commitments to the Massachusetts county facilities (houses of correction) during 1978. Included is information regarding institution committed to, month committed, present offense, sentence, age at incarceration, sex and marital status. The tables in this report were derived from data collected by the Data Processing Unit and were produced on the Massachusetts State College Computer Network.

In reading the tables in this report the reader should note the following: (1) the commitment population is divided according to the institution committed to, (2) the top number in each cell represents the number of individuals who fall into the corresponding category in the table, and (3) the bottom number in each cell represents the percentage of the number of individuals in a particular category to the total number of commitments from that institution (column percents). For example upon referring to Table I on page 3, month committed is presented and the following types of information can be obtained:

- (1) The total number of individuals broken down by committing institution is labeled and presented horizontally.
- (2) The specific months are labeled and presented vertically.
- (3) Of the 4235 individuals committed during 1978, 716 were committed to Billerica.
- (4) Of the 716 individuals committed to Billerica, 77 (11%) were committed in January.

## SUMMARY OF STATISTICS

During 1978, there were 4235 individuals sentenced to the county facilities. For the third year in a row, the number of county commitments have been approximately 4200.

### Institutions

Each institution includes the county house of correction and jail except for Suffolk County. Deer Island is the Suffolk County House of Correction and Charles Street is the Suffolk County Jail. The county facilities with the highest percentage of commitments are Billerica (17%) and Worcester (20%).

### Present Offense

The majority of commitments (84%) are for non-person offenses (44% for offenses against property, 8% for drug offenses and 32% for other offenses). The single offense for which individuals were most frequently sentenced was burglary (18%).

### Sentence

Sentences to county facilities may not exceed 2½ years. The majority (52%) of sentences are for three months or less which includes commitments in lieu of fines.

### Age at Commitment

The median age for commitments to houses of correction is 23 years old which is the same as commitments to state correctional facilities for 1978.

### Sex

The vast majority of commitments were male (97%).

### Marital Status

Most individuals were single (66%), only 20% were married and the rest (14%) were either divorced, separated or widowed.
