1994 Fourth Quarter Report

Section Twenty-one of Chapter 799 of the Acts of 1985 directs the Commissioner of Correction to report quarterly on the status of overcrowding in the state and county facilities. This statute calls for the following information;

*Such report shall include, by facility,
the average daily census for
the period of the report and the actual
census on the second and last days of the
report period. Said report shall also
contain such information for the previous
twelve months and a comparison to the
rated capacity of such facility.*

This report presents the required statistics
for the fourth quarter of 1994.

*This report was prepared by Ramon V. Raagas of the
Research Division and is based on daily count sheets
prepared by the Classification Division. Table 5 is
based on Admission and Release rosters
submitted by the institutions*

Technical Notes

- The official capacity or security level designation for each facility can change for a number of reasons, e.g. expansion of facility beds, decrease of facility beds due to fire, or changes in contracts with vendors. In all tables the capacity and security level reflects the status at the end of the reporting period. The design capacity is reported for correctional facilities in Tables 1, 2, 3, and 4. On August 10, 1993, the state terminated its contracts with Mass. Halfway House, Inc., Spectrum House, Faith House, Hillside, and Day Reporting Center. This resulted in the elimination of 96 beds.
- The population figures for Cedar Junction include DSU, DDU and open population.
- The population figures for Norfolk include both DSU and open population.
- In previous quarterly reports, the population figures for PPREP were included with the Park Drive population. The PPREP population is reported independently starting this quarter.
- The population figures for all facilities include both male and female inmates.
- State inmates housed in the Hampshire county contract program are included in the county population tables as are all other state inmates housed in county facilities.
- Longwood Treatment Center is a specialized DOC facility for individuals incarcerated for O.U.I. Because the inmates are primarily county sentenced inmates, the inmate count and bed capacity are also included in Tables 3 and 4.
- Pondville Correctional Center is a minimum/pre-release security facility formerly known as Norfolk Pre-Release Center.
- The Massachusetts Boot Camp opened on August 17, 1992, and is located at the Bridgewater Correctional complex in Bridgewater, Massachusetts. Prior to 1993, the Boot Camp had been listed as a DOC minimum security facility. Beginning with the first quarter of 1993, the Boot Camp is listed along with Bridgewater SH, AC, TC and Longwood TC in Tables 1 and 2. As with Longwood, most of the Boot Camp inmates are from the county houses of correction, so the Boot Camp is also listed with the county facilities in Tables 3 and 4.
- Norfolk includes Braintree, Dedham, and Norfolk Contract. Middlesex includes both Billerica and Cambridge. Berkshire includes the pre-release facility. Suffolk-South Bay includes the contract facility. Essex includes Middleton, and Lawrence Alternative Center. Bristol includes Dartmouth, Eastern Mass Alternative Center and Pre-Release.
- Nashua Street inmates housed at other facilities are reported in the counts for the facilities in which they were in custody.
- On June, 1993, Plymouth House of Correction added 833 beds making a total of 1,140 beds.

Table 1 provides the DOC figures for the fourth quarter of 1994. As this table indicates, the DOC population (excluding Bridgewater SH, SDPTC, AC, Longwood TC, Mass. Boot Camp) decreased by 52 inmates during the fourth quarter. At the end of the quarter, the DOC operated with 9,627 inmates in the system, and the average daily population was 9,658 with a design capacity of 6,528. Thus, the DOC operated at 148 percent of design capacity.
