INTRODUCTION

The following research report is a statistical description of characteristics of individuals released to the street from Massachusetts correctional institutions during 1978 with corresponding recidivism rates. The statistics are available for men released from MCI's Walpole, Concord, Framingham, Norfolk, SECC (Southeastern Correctional Center), NECC (Northeastern Correctional Center), the three forestry camps (Plymouth, Warwick, and Monroe), six drug rehabilitation pre-release facilities (Hospitality House, Meridian House, Boston VA Hospital, Trio House, Project Turnabout, and Bedford VA Hospital), fourteen pre-release centers (BOSP (Boston Offenders Service Project) 577 House, 699 House, Temporary Housing, Shirley, Boston State, Coolidge House, Brooke House, South Middlesex, Park Drive, Western Avenue, Lancaster, Norfolk Pre-Release, and METAC), and three other facilities (RDC (Reception Diagnostic Center), Bridgewater State Hospital for the Criminally Insane and the Sexually Dangerous Persons Treatment Center). Statistics are also available for women released from MCI-Framingham and two pre-release centers (Charlotte House and Brooke House). A total of 1,118 individuals (992 males and 126 females) were released from the correctional institutions listed above. The follow-up period is one year from the date of the individual's release to the community. A recidivist is defined as any person who returns to a state or federal correctional institution, or to a house of correction or jail for 30 days or more.

Information contained in this report includes statistics on recidivism rates associated with individual characteristics with regard to release variables, nature of present offense, personal background characteristics, criminal history, furlough participation, and release follow-up variables. The tables which follow contain two types of information: (1) statistical data describing characteristics of individuals released from each correctional facility during 1978; and (2) the rates of recidivism cross tabulated with each of the categories of the statistical data for these individuals.

In reading tables in the report, the reader should note the following: (1) the release population is divided according to the institution of release. (2) N represents the number of people who fall into the corresponding category in the table. (3) P represents the percentage of the number of individuals in a particular category to the number of individuals released from that institution (column percents). (4) RR (Recidivism Rate) represents the rate of recidivism of the number of individuals in that category who have recidivated.

For example, upon referring to the first table on page 5, the variable "Type of Release" is presented and the following kinds of information may be obtained. (1) The total number of releases broken down by the institution of release is labeled and presented horizontally across the head of the table. Note: the sum of the totals for each institution will not equal the total of 1,118 under the Total column. The Total column includes six individuals released from RDC (Reception Diagnostic Center) and seven individuals released from Bridgewater. (2) The type of release (parole or discharge) is labeled and presented vertically. (3) Of the 1,118 released during 1978, 971 were released on parole (87%) and 147 were released on a discharge (13%). (4) Those individuals released from Walpole released on a parole had a recidivism rate

of 25%, whereas those individuals released from Walpole on a discharge had a recidivism rate of 4%.

The material was derived from the computerized data base developed by the Correction and Parole Management Information System (CAPMIS) and was produced on the Massachusetts State College Computer Network (MSCCN).

* For this table and each subsequent table in the report, the total sum for each of the institutions will equal ~~1,105~~ rather than 1,118 as reflected in the TOTAL column. The TOTAL column includes 6 individuals released from the R.D.C. (Reception Diagnostic Center) and 7 individuals released from Bridgewater to give the final total of 1,118 releases.
