## INTRODUCTION

The following report is a brief description of court commitments to the Massachusetts county facilities (houses of correction) during 1979. Included is information concerning the operating expenditures as well as statistics regarding institution of commitment, month committed, present offense, sentence, age at commitment, sex, marital status and last school grade completed. The tables in this report were derived from data collected by the Data Processing Unit and were produced on the Massachusetts State College Computer Network.

Upon referring to the statistical tables in this report, the reader should take note of the following: (1) The total population is sub-divided by committing institution. (2) The top number in each cell represents the total number of individuals who fall into the corresponding category in the table. (3) The bottom number in each cell (the number contained in parenthesis) is the percentage of the number of individuals in the category to the total number of individuals from that institution (column percents). For example, upon referring to the first table on page 5, Month Committed is presented and the following types of information can be obtained:

- (1) The total number of individuals broken down by committing institution is labled and presented horizontally.
- (2) The specific months are labled and presented vertically.
- (3) Of the 4,612 individuals committed during 1979, 913 were committed to Billerica.
- (4) Of the 913 individuals committed to Billerica, 72 (8%) were committed in January.

#### SUMMARY OF STATISTICS

During 1979, there were 4,612 individuals sentenced to the county facilities. This represents an increase of 9% over the number of commitments during 1978. The graph below illustrates the total number of commitments by year for the past ten years.

#### INSTITUTIONS

Each institution includes the county jail and house of correction except for Suffolk County. Deer Island is the Suffolk County House of Correction and Charles Street is the Suffolk County Jail. The vast majority of the 4,612 commitments were committed to the houses of correction. Excluding the thirty three commitments to Charles Street Jail, there were only 25 individuals committed to all other jails combined. The breakdown is as follows: Billerica, 2; Worcester, 3; Salem, 1; Lawrence, 10; Plymouth, 4; Pittsfield, 2; Northampton, 2; and Barnstable, 1.

A fire occured in the north wing of Dedham House of Correction on November 24, 1978. Reconstruction was completed in January 1980 at a cost of \$450,000. Only five individuals were committed to Dedham House of Correction during 1979.

Over half (51%) of the commitments were sentenced to three institutions - Billerica (20%), Worcester (18%), and Deer Island (13%).

#### PRESENT OFFENSE

The majority of individuals were committed for non-person offenses (47% for offenses against property, 7% for drug offenses, and 28% for other offenses). The single offense for which individuals were most frequently sentenced was burglary (17%).

# SENTENCE

Sentences to county facilities may not exceed 2 1/2 years. Nearly half (49%) were committed for sentences of three months or less which includes commitments in lieu of fines.

## AGE AT COMMITMENT

The median age for commitments to houses of correction is 23 years old.

## SEX

The vast majority of commitments were male (98%).

# MARITAL STATUS

Most individuals were single (70%), whereas only 19% were married at the time of their incarceration.

# LAST SCHOOL GRADE COMPLETED

The median last grade completed was eleventh grade. About one third of the commitments (35%) graduated from high school.
